Parents play an important role in setting up their child for success each year. At NCE, we appreciate the support of our families and community. This supply list includes items that are commonly used by each grade level. The purpose of the list is to provide an idea of items that may be donated to each class for use among all students in the classroom, as well as any item the whole grade level intends to have each student use during the year. If you would like to help prepare your child's class for the year, please consider donating any of the items listed under the Classroom Supplies list at the start of the year. Teachers will share more detailed information about the class-specific supplies that students may want to bring for their personal use in August. Thank you in advance for your dedication to our students' success!
